

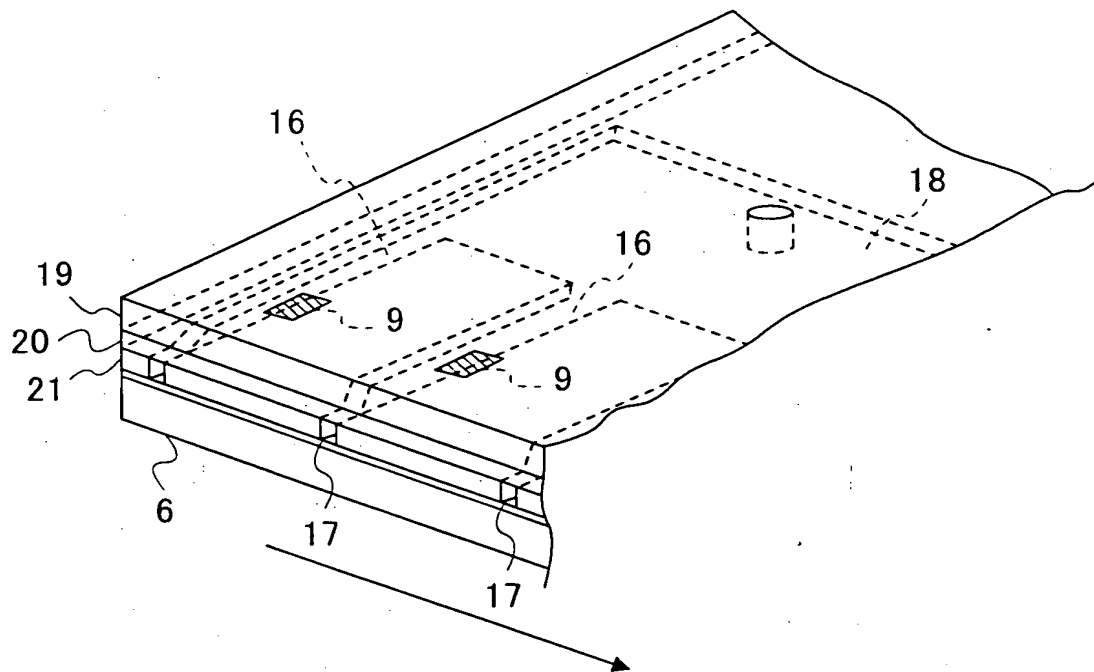

FIG.1

A cross-sectional view of a multi-layered structure. The structure consists of several layers: a base layer (7) with a wavy bottom surface, followed by a layer (8) with diagonal hatching, a layer (9) with a different diagonal hatching pattern, a layer (10) with a dotted pattern, and a top layer (11) with a wavy top surface. A layer (12) is shown on the right side, extending from the top layer (11). A dimension line (14) indicates a distance between two points on the top surface, and another dimension line (15) indicates a distance between two points on the right side. A label (13) points to a specific feature on the top surface.
